### How to Subscribe to Receive Notification of Change in Sub-processors:

If you are a current Scalyr customer with a data processing agreement in place with Scalyr, you may subscribe to receive notifications of new sub-processor(s) for each applicable Scalyr Service before Scalyr authorizes any new sub-processor(s) to process personal data in connection with the provision of the applicable Service.

You can subscribe to receive email notifications for changes to Scalyr sub-processors by emailing the following information to support@scalyr.com:

- Customer Name
- Customer Address
- Executed copy of the Customer-Scalyr data processing agreement

To edit your email notification information, please re-submit a request to support@scalyr.com with the title “Change in Contact Information” to Scalyr.

### Right to Object to New Sub-processor:

A customer with a data processing agreement in place with Scalyr may object to Scalyr’s use of a new sub-processor by notifying Scalyr promptly in writing within ten (10) business days after receipt of Scalyr’s notice in accordance with the mechanism set out above. If you object to a new sub-processor, and that objection is not unreasonable, Scalyr will use reasonable efforts to make available to you a change in the applicable Service or recommend a commercially reasonable change to your configuration or use of the applicable Service to avoid processing of personal data by the objected-to new sub-processor without

unreasonably burdening you. If Scalyr is unable to make available such change within a reasonable period of time, which shall not exceed thirty (30) days, you may terminate the applicable Order Form(s) with respect only to those Service(s) which cannot be provided by Scalyr without the use of the objected-to new sub-processor by providing written notice to Scalyr at:
